

DRUG ANALYTICAL RESEARCH

ISSN: 2527-2616

www.seer.ufrgs.br/dar

v. 6, n. 1, Jan./June, 2022

EDITORIAL

"Dear readers,

Our editorial team is pleased to announce the first volume of 2022, which represents its sixth year of activities in the advances and spreading of analytical area related to drugs and medicines. This scientific periodical is available on the new Open Journal Systems platform, which makes the editing process faster and easier.

In the present issue, we have the contribution of different national and international manuscripts, approaching analyzes that range from evaluations of vegetable raw materials to nanostructured pharmaceutical preparations.

We wish you all an excellent reading."

UNIVERSIDADE FEDERAL DO RIO GRANDE DO SUL

PUBLISHER'S INFORMATION

Drug Analytical Research is a scientific publication of Faculdade de Farmácia da Universidade Federal do Rio Grande do Sul (UFRGS). It is an open access journal that publishes two issues per year, focused on publication of **review** and **original articles** in all relevant areas of **analytical and bioanalytical chemistry applied to pharmaceutical sciences**. The articles published by the journal are directed to researchers, undergraduate and graduate students, with the aim of disseminating the knowledge and application of analytical techniques in the analysis of drugs as well as promoting the scientific development of the analytical area in Pharmaceutical Sciences.

For submissions, it is necessary to log in as author and use the TEMPLATE, which contains the Instructions for Authors (www.seer.ufrgs.br/dar).

This journal does not have processing or publication charges as employ the Open Journal Systems (OJS) an open-source software application for managing and publishing scholarly journals.
