

## **SPECIAL EDITION – CONSTRUCTION MANAGEMENT AND ECONOMICS**

The Brazilian journal Ambiente Construído will produce in 2020 an ***Special Edition on Construction Management and Economics***. This is another articulated action of the journal with one of ANTAC's Working Groups, aiming to contribute to the improvement of the quality of congresses in the area.

The paper accepted for this Special Edition will be invited to presentation in a Special Technical Section during the 11<sup>th</sup>. Brazilian Conference in Construction Management and Economics, that will take place in Londrina, Paraná, Brazil. The articles can be submitted in portuguese, spanish and, preferably, in english.

The main theme of the event in 2019 will be: **From knowledge to action: advanced practices in production management**. The articles could be related to:

- Organizational and strategic Management;
- Innovation in construction management;
- Supply chain and logistics;
- Quality management and certification processes;
- Management of contracts and acquisitions;
- Cost and risk management;
- People in construction: Health, Safety and Wellbeing;
- Design management, marketing and product development process;
- Construction Processes management and productivity improvement;
- Sustainability management in construction sites;
- Production planning and control;
- Information Technology for construction management;

All articles will be evaluated according to the usual procedures of the Journal by three evaluators of the journal Review Board, according to the following schedule:

- (a) Papers submission due to **11.03.2019**
- (b) Evaluation by the Editorial Board due to **05.08.2019**
- (c) Submission of revised papers due to **02.09.2019**
- (d) Special Edition Publication: 2020
