

AMBIENTE CONSTRUÍDO - SPECIAL EDITION

The Brazilian Journal ***Ambiente Construído*** is currently inviting papers for a special issue to be published in 2021, comprising only English written papers covering the recent advances concerning the Built Environment Technology.

We will welcome original papers, discussing results from original scientific research, covering the wide range of topics related to the built environment technology, such as:

- Material Science and Innovative Construction Materials
- Construction Materials with Cleaner Production;
- Life Cycle Assessment (LCA) of Buildings and Materials;
- Building Technology;
- Environmental Comfort and Energy Efficiency
- Information Technology applied to building design and production
- Evaluation of buildings and urban spaces
- Construction Management and Economics
- Urban and building sustainability
- Urban design and planning
- Water consumption

Papers should be submitted only through the journal website:

<https://seer.ufrgs.br/index.php/ambienteconstruido/about/submissions>

Contributions should comply with the journal guidelines

<https://seer.ufrgs.br/index.php/ambienteconstruido/about/submissions>

All papers will be evaluated by, at least, three reviewers, either members of the editorial board or invited referees, according to the following schedule:

- (a) Manuscript submission: until 28.07.2020;
- (b) Editorial Board evaluation: until 30.10.2020;
- (c) Final version of the papers: until 30.11.2020;
- (d) Special Issue publication: April 2021.
